'Tis the end of June
Another year gone,
For this year, the last,
Wasn't for long

We look back in time
to see what we've done
The good times, the bad times
All in fun

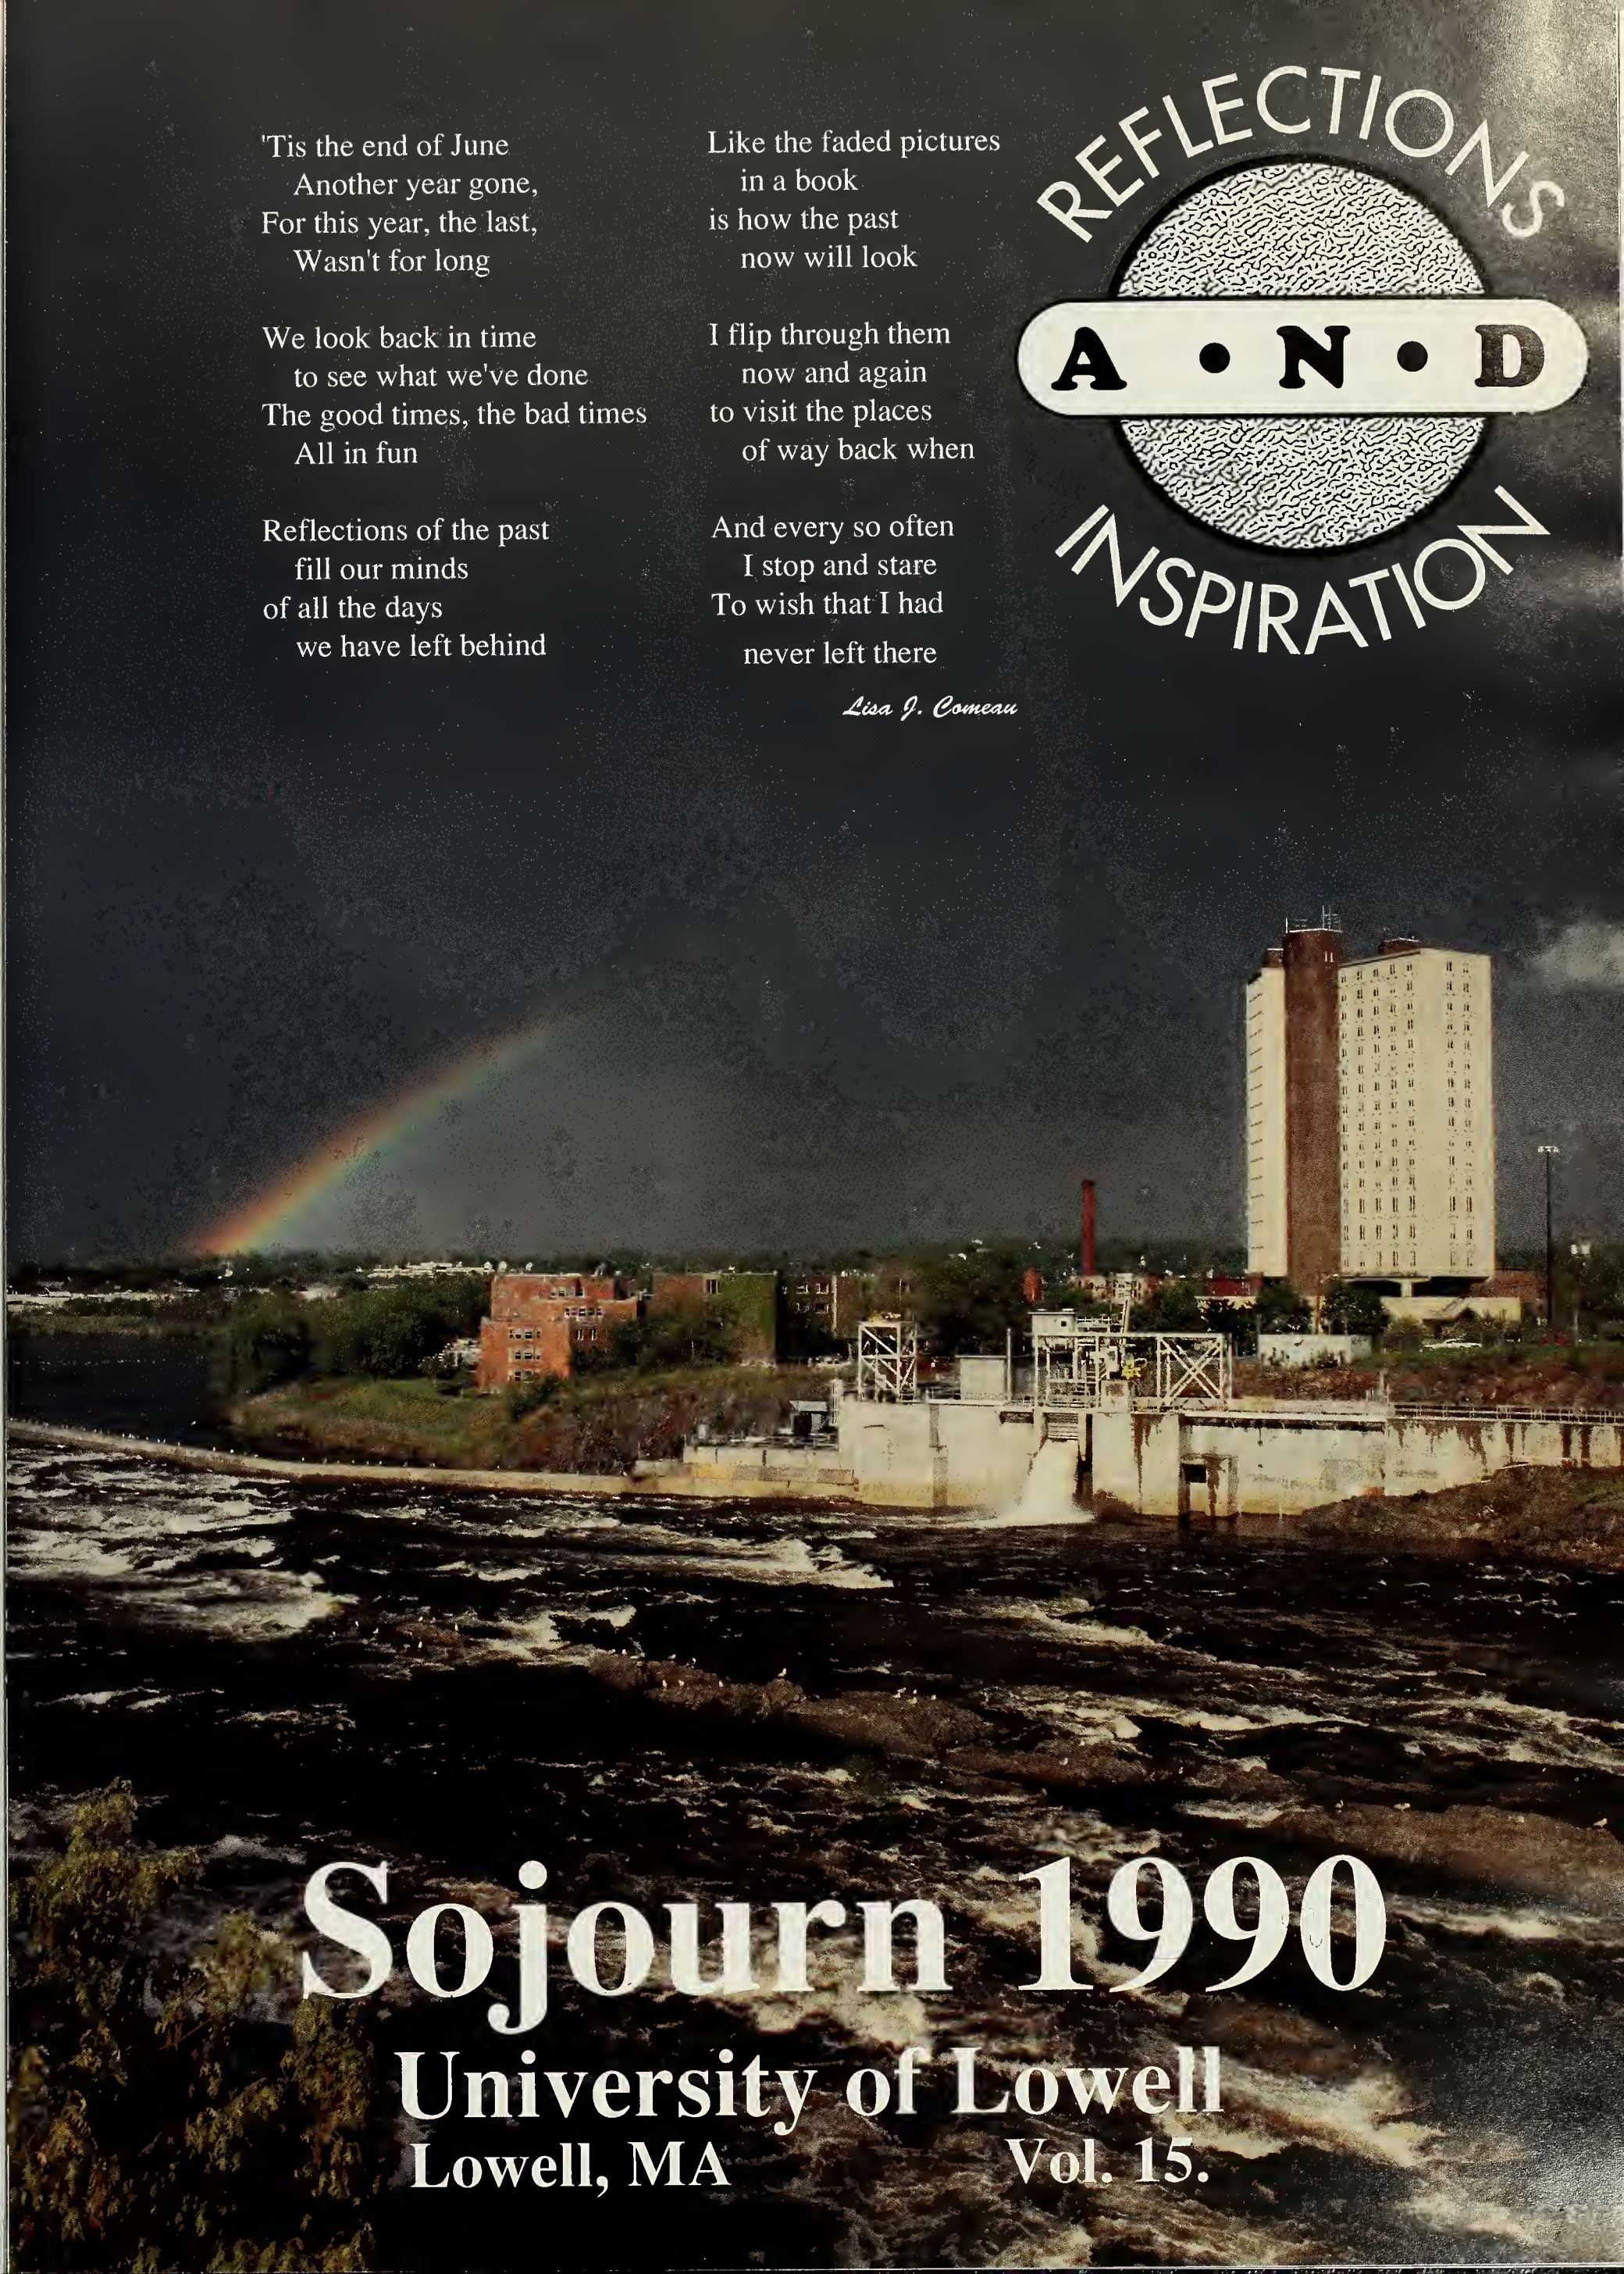

Reflections of the past
fill our minds
of all the days
we have left behind

Like the faded pictures
in a book
is how the past
now will look

I flip through them
now and again
to visit the places
of way back when

And every so often
I stop and stare
To wish that I had
never left there

DECADE IN REVIEW

1980

Two major eruptions—the first releasing 500 times the power of the Hiroshima A-bomb—blow off 1,377 feet of Mount St. Helens' summit. Elsewhere, equipment glitches in the Iranian desert force American commandos to abort the mission to rescue 53 hostages in Tehran. Protesting the Soviet invasion of Afghanistan, President Jimmy Carter declares a U.S. boycott of the Moscow Olympics. Three-time heavy-weight champ Muhammad Ali loses his 34th and last title bout. Who shot *J.R.*? *Dallas* fans have to wait until the new season to find out. In an upset, Indiana Senator Birch Bayh loses to 33-year-old Dan Quayle.

1981

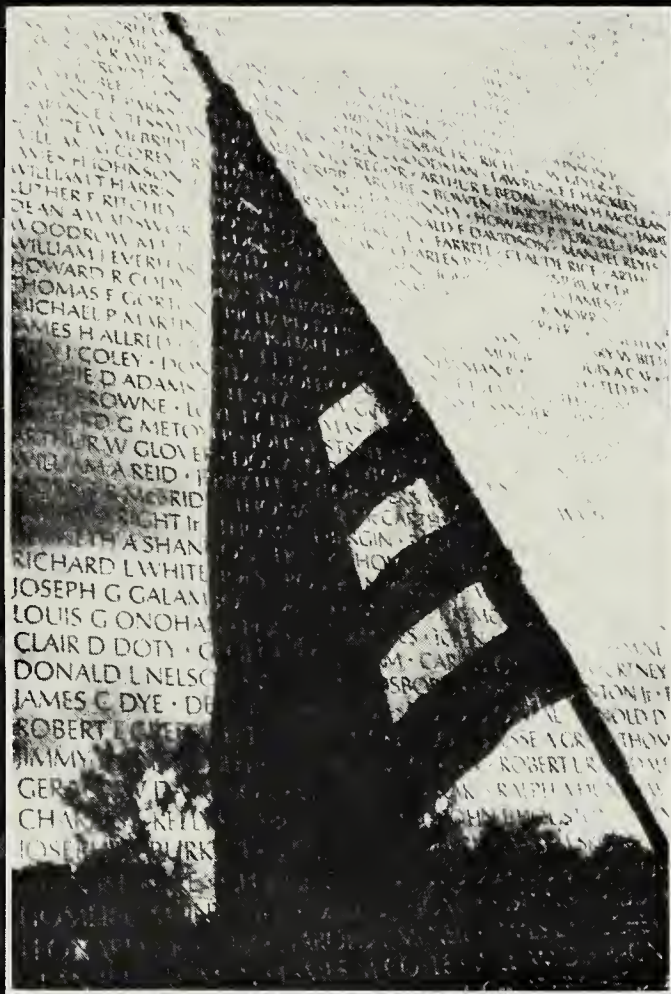

Following a yearlong courtship, Lady Diana Spencer, 20, weds the heir to the British throne, Charles Philip Arthur George, 32. Ronald Reagan is sworn in as the 40th President on the day the Ayatullah Khomeini frees the American hostages in Tehran. Failed assassinations: Reagan, Pope John Paul II. Successful assassination: Egypt's President Anwar Sadat. Space shuttle No. 1, *Columbia*, lifts off. MTV debuts. U.S. sales of VCRs kick into fast forward, topping one million (average price: \$500). Two hundred sixty-nine Americans die of a newly named disease, Acquired Immune Deficiency Syndrome, or AIDS.

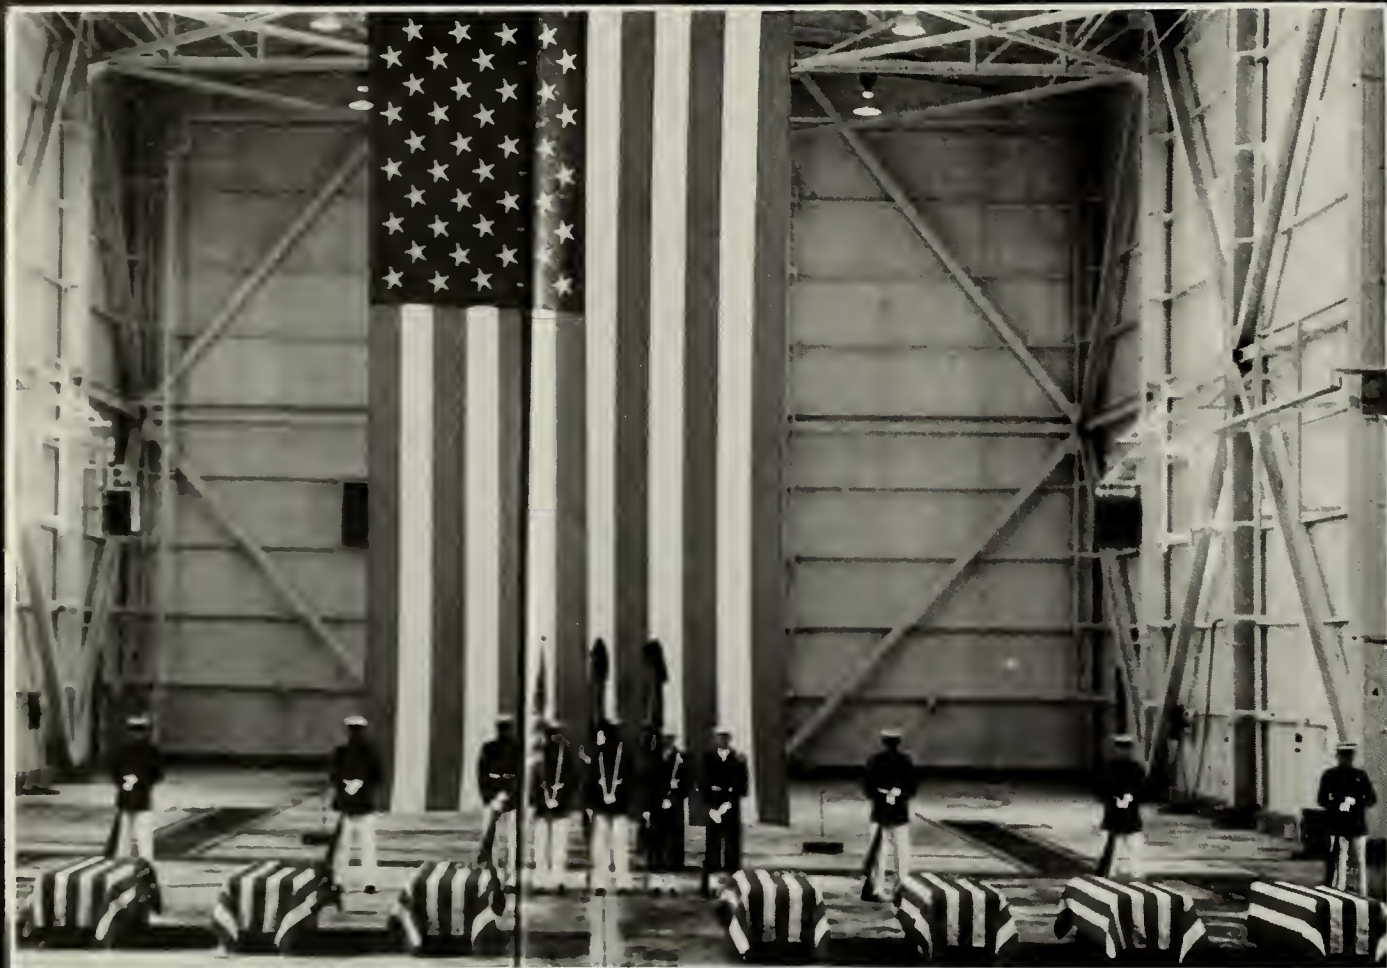

1982

Seven years after the last American was helicoptered out of Saigon, the Vietnam Veterans Memorial—a black granite wall inscribed with the names of 57,939 Americans killed or missing in action—is dedicated in Washington, D.C. E. T. *The Extra-Terrestrial* becomes the top-grossing motion picture in history. The proposed constitutional amendment granting women equal rights falls three states short of ratification. Israel's invasion of Lebanon sours after 328 Palestinians are massacred in two refugee camps. Princess Grace of Monaco dies at 53 when her car swerves off a mountain road near her Riviera principality.

1983

The limits of American power are grimly defined in war wracked Lebanon when a TNT-loaded truck explodes near a Beirut barracks housing Marines on a peacekeeping mission; the toll is 260. Two days later U.S. forces regain some stature by ousting the leftist rulers of the Caribbean island of Grenada. In Panama General Manuel Noriega grabs power. The Red Air Force shoots down a Korean Air Lines 747 overflying into Soviet airspace, killing the 269 aboard. Under new boss Lee Iacocca, Chrysler posts its first profits in four years. After seven sail-offs since 1851, the U.S. loses the America's Cup to the 12-meter *Australia II*.

1984

Minus athletes from the boycotting Communist bloc, the Los Angeles Olympics produces a bumper crop of homegrown winners. The House passes its third and most comprehensive Boland Amendment, banning U.S. military aid to the Nicaraguan contras. In India, Prime Minister Indira Gandhi is slain by two Sikh bodyguards; 2,500 die when lethal gas leaks from a Union Carbide plant in Bhopal. South African Bishop Desmond Tutu wins the Nobel Peace Prize for his antiapartheid work. Geraldine Ferraro, first female major-party vice presidential candidate, cannot help Walter Mondale; Ronald Reagan is reelected.

1985

In Africa a natural calamity is exacerbated by man. The five-year drought that spread famine from Ethiopia to Mali triggers massive relief efforts—including concerts by a rock galaxy—but Western aid is often held up by one faction trying to starve out another. At 54, Mikhail Gorbachev becomes the fourth Soviet leader in 28 months, following the deaths of Brezhnev, 75; Andropov, 69; and Chernenko, 73. Forty years after V-E Day, U.S. forensic experts conclude an exhumed corpse in Brazil is missing Nazi mass murderer Joseph Mengele. Explorer Robert Ballard finds the wreck of the *Titanic* 73 years after it rammed an iceberg.

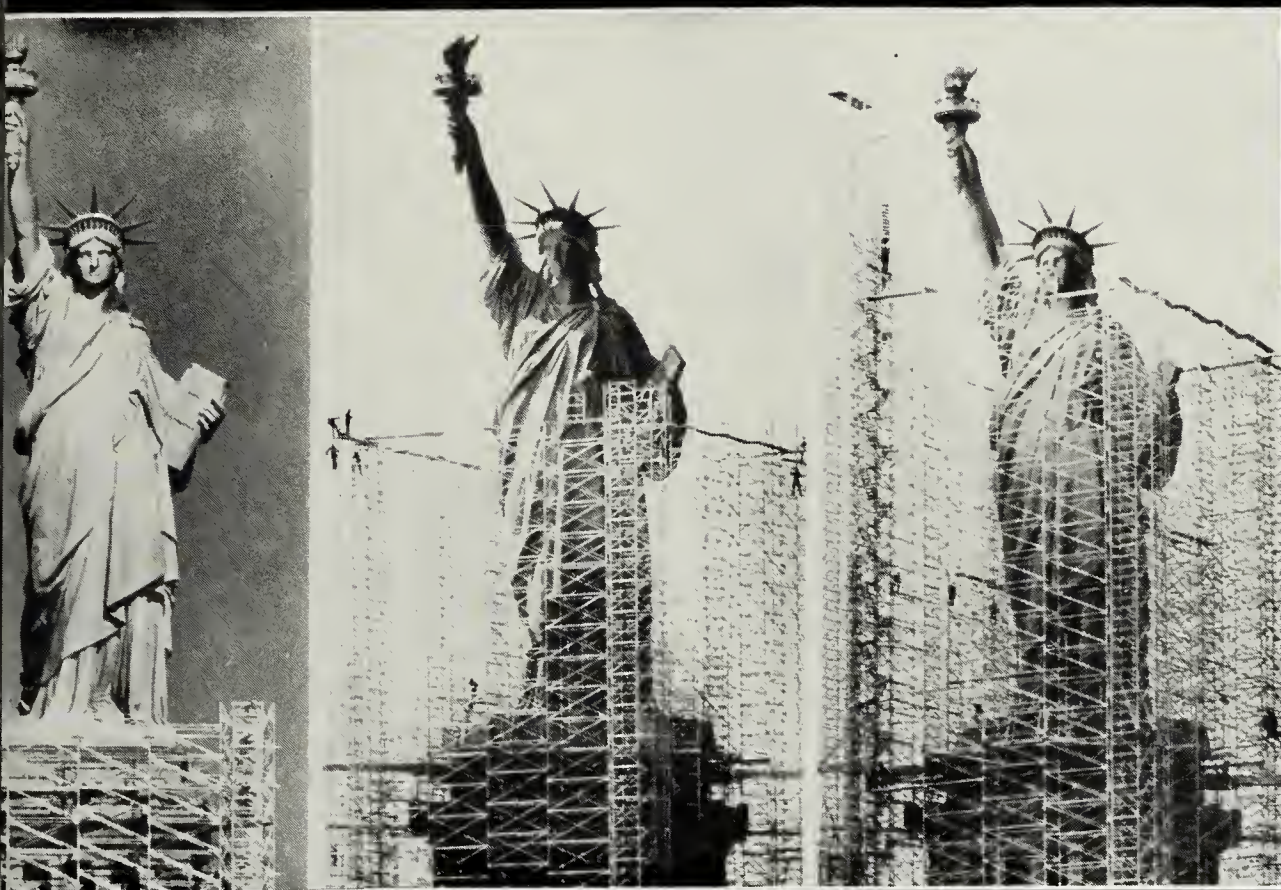

Hello, Gloria!

1986

—High-tech laid low: A ruptured \$900 gasket dooms *Challenger* (the seven astronauts die when the shuttle hits the ocean), while a Soviet nuclear reactor at Chernobyl melts down (31 die and fallout wafts across Scandinavia). Corazon Aquino becomes president of the Philippines. Paul ("Crocodile" Dundee) Hogan bids America g'day. The U.S. bombs Libyan dictator Muammar Gaddafi's compound, killing his infant daughter. Attorney General Ed Meese reveals that, in hopes of freeing Americans held in Lebanon by terrorists loyal to Iran, the U.S. sold arms to the Ayatullah; the profits went to buy guns for Nicaragua's contras.

1987

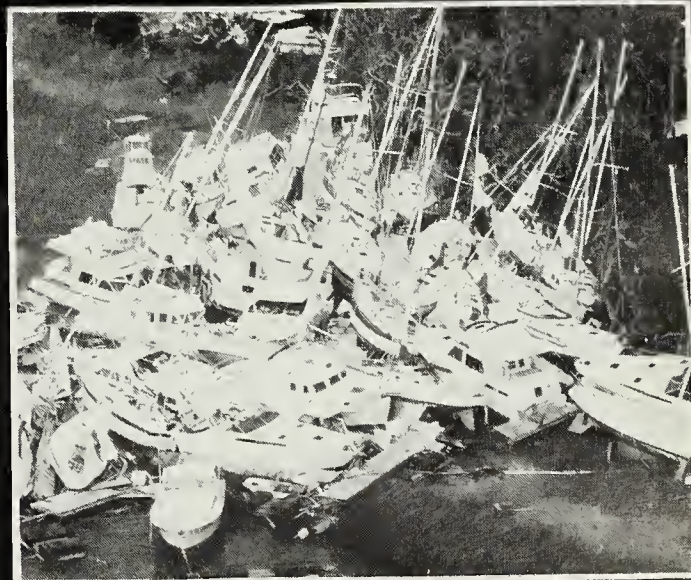

Marine Lt. Col. Oliver North proudly acknowledges to Congress that he was a key Iran-contra player but insists he was patriotically following orders. The sweeping simplification of the U.S. tax code is not apparent in the IRS's complex new forms. West German Mathias Rust, 19, pilots a single engine Cessna 500 miles into the U.S.S.R., landing in Moscow's Red Square. The Senate rejects conservative jurist Robert Bork's nomination for the Supreme Court. Twenty states raise the speed limit on highways to 65 mph. The Dow Jones, once up 712 points for the year, drops 508 points on Black Monday. Paper losses total \$500 billion.

1988

Suddenly, America seemed under nature's gun as fires char Yellowstone, drought blankets 43 states and garbage washes onto eastern beaches. Peace breaks out: the U.S.S.R. withdraws troops from Afghanistan; Iran and Iraq both claim victory. Benazir Bhutto, Pakistan's new prime minister, is the first woman to lead a Moslem state. Mistaking an Iranian passenger jet for a fighter, the U.S. cruiser Vincennes downs it; 290 die. Hacker Robert Morris releases a software virus that kayos 6,000 computer systems. At 19, West German Steffi Graf wins the tennis Grand Slam. Priciest-ever corporate buyout: RJR Nabisco, for \$25 billion.

1989

Lonely are the brave: A Beijing protester demanding reforms faces down the army; China's rulers order an assault on Tiananmen Square, killing 5,000—and the beginnings of democracy. The Iron Curtain lifts as Hungary snips its barbed-wire borders and Poland installs a non-Communist government. Iran's Khomeini deems *Satanic Verses* blasphemous and demands author Salman Rushdie's head. Japan's Hirohito, 87, dies, ending a 62-year reign. George Bush calls drugs Public Enemy No. 1. Voyager 2 caps its 12-year, four planet mission with a Neptune flyby and will likely be the first man-made object to escape the sun's tug.

1990

NELSON MANDELA WORLD TOUR

Massive crowds turned out for African National Congress leader Nelson Mandela at every stop on his six-week tour of three continents. Mandela visited 14 nations in Europe, North America and Africa, achieving his goals: urging foreign governments to maintain sanctions against South Africa, raising funds for the ANC and explaining the goals of his movement. The ANC says it aims to create a non-racial democracy and to distribute the nation's wealth more equally. Mandela, the ANC's deputy president, has said he favors a mixed economy. Nelson Mandela, one of the world's most celebrated political prisoners, was freed by the South African government in February after 27 years in prison. He was serving a life sentence for allegedly plotting sabotage to overthrow the white government.

EARTHQUAKE IN THE PHILIPPINES

A major earthquake jolted Manila and surrounding Luzon island on July 16, killing at least 193 people and leaving hundreds more trapped in collapsed buildings. Most of the victims in Baguio, about 50, were at the Hyatt Hotel. The entire front section of the Hyatt, the city's plushiest hotel, collapsed. It appeared that floors containing guest rooms had crashed down onto the lobby, which includes the main restaurant, bar and shops. Aftershocks continued the following day, forcing many residents to sleep on the streets after the quake, which measured 7.7 on the Richter scale. A 7.8 quake struck the Philippines in 1976, killing 8,000 people. Most died in a tidal wave that struck Mindane.

IRAQI PRESIDENT SADDAM HUSSEIN

The portrait of Saddam Hussein shows a man with a strange duality: tough, yet fearful; inspiring fear in his own people, yet also basking in a kind of populist veneration from many of the regions' Arabs. The portrait is one of a poor orphan who rose to power through opportunism and brutality, whose anti-Western views were shaped in childhood, and who now — commanding the world's fourth-largest army — is trying to deliver on his nationalist dreams. Fear and terror surround the 53-year-old Iraqi President, and U.S. intelligence officials and other analysts believe that this climate could be his undoing.

Kuwait. In the early morning hours of August 2, following negotiations and promises by Iraq's dictator, Saddam Hussein, not to use force, a powerful Iraqi army invaded Kuwait. Within three days, 120,000 Iraqi troops with 850 tanks had poured into Kuwait. — Hours after the invasion, Arabs throughout the world took to the streets in anti-Iraq demonstrations. — The United States reacted immediately to the invasion, building up a U.S. force of well over 100,000 troops in neighboring Saudi Arabia. Other nations also sent troops and financial support. And the United Nations voted for an economic embargo against Iraq. Dozens of M1-1P tanks and M2 Bradley armored infantry fighting vehicles, and scores more heavy support vehicles, rolled off two huge transport ships at a port in northeastern Saudi Arabia and made their way north into the desert. "There's no doubt in my mind that we'll succeed here if we have to," said Col. Barry Willey. "Bring them (the Iraqis) on," said a U.S. sergeant. "We have the training and technology; they've got the numbers. We'll take them out." As of mid-October (1990), more than 200,000 U.S. troops had been deployed to Saudi Arabia, Pentagon sources said. They are preparing to defend the desert kingdom from a possible Iraqi attack. Iraq has about 430,000 men in Kuwait and southern Iraq, according to the Pentagon. Among the latest forces to arrive in Saudi

1990

Arabia are elements of the 1st Cavalry Division, which includes a brigade of the 2nd Armored Division, from Fort Hood, TX. The soldiers are being flown on commercial jetliners, meeting up with their roughly 300 Mi-Abrams tanks and other equipment which was shipped from their bases several weeks prior.

BUSH AND GORBACHEV SUMMIT AGREEMENTS

Celebrating the fruits of their summit diplomacy, President Bush and Soviet President Mikhail S. Gorbachev shook hands and signed a sheaf of agreements, including a conditional trade accord. During the June (1990) summit, the leaders also embraced a preliminary deal to cut long-range nuclear arms. The centerpiece arms agreement, banning chemical arms production, was a foregone conclusion. But last-hour negotiating was necessary to settle differences on a framework for strategic arms cuts and a five-year grain deal. The two leaders also agreed to strive for an elusive agreement on reduction of troops, tanks and other conventional weapons in Europe. From twin lecterns, the two presidents spoke of what they had done and what they hope to do. "I think what is happening

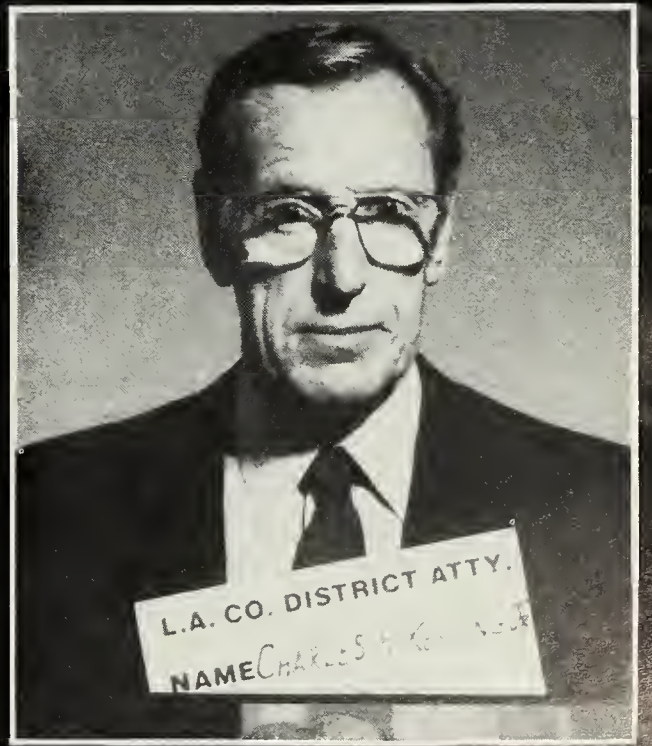

now...represents an event of momentous importance, not only for our two countries but for the world," said Gorbachev.

DAVID SOUTER JOINS SUPREME COURT

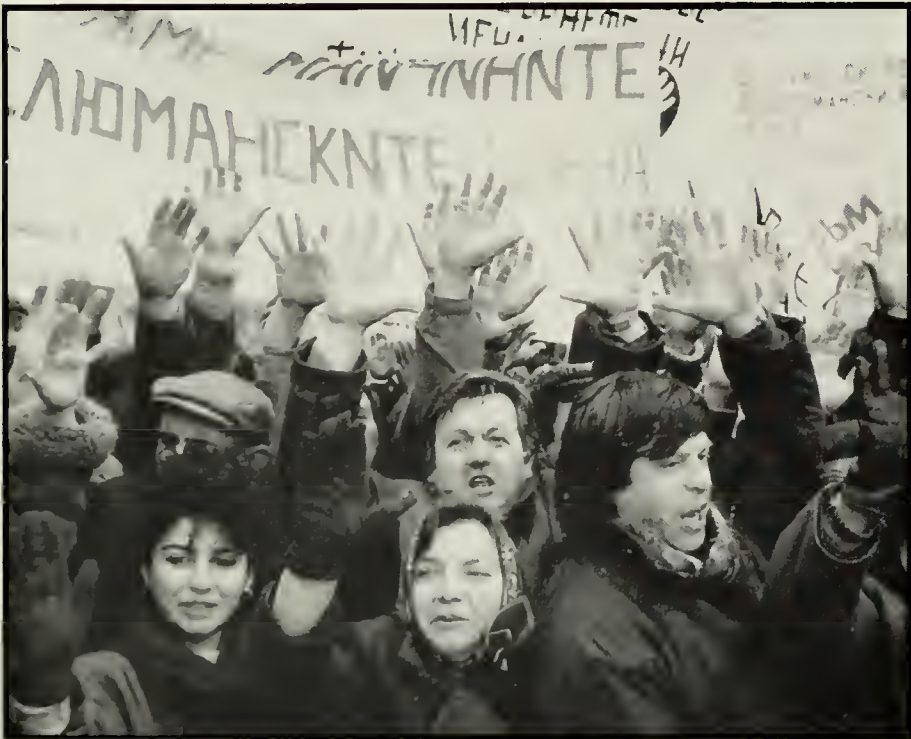

David H. Souter, a mild-mannered, well-read and previously little-known judge from New Hampshire, became history's 105th Supreme Court justice in October (1990) after pledging to "do equal right to the poor and to the rich." In a brief ceremony in the crowded courtroom, Souter, 51, was administered the judicial oath of office by Chief Justice William H. Rehnquist and almost immediately got to work hearing high court arguments with his eight new colleagues. Souter joins the court at a pivotal time in its history.

Jim Henson was a puppeteer with an enormous following. On May 16, 1990, at the age of 53, he died from a severe case of pneumonia. During his career, he created an endearing menagerie of creatures, characters of timeless appeal. In 1969 Henson's creations — Kermit, Big Bird and Cookie Monster — first appeared on public TV's Sesame Street. Then, in 1976, The Muppet Show was born. His creations will live forever — Miss Piggy, Fozzie Bear, Gonzo, Bert and Ernie and many, many others.

Each year, new music is drawn from the classics, jazz, rock, and popular idioms with original drills for the band designed by Bob Mulvanity, music specially arranged by Dan Lutz, with percussion arrangements by Peter Funari.

The Color Guard section, also open to all students in the university, completes the visual presentation of the band's program. The Marching Band has been, and continues to be a rewarding experience for members as well as a credit to the school in its role as an Ambassador of the University.

Yes...late again! But no complaining unless you are one of the three people who stuck with the production of this book until the end. As editors in chief of the 1989-1990 yearbook, we would like to send a special thanks to John Neister and Paul Moynihan for their invaluable assistance; for without their help you would not be reading this book right now! We would just like to encourage those of you who hesitate to get involved in activities to take the chance the next time an interesting opportunity comes along. You could miss the chance to meet some great people and accomplish something you can look back on and be proud of for years to come. We know...there may even be some responsibility and hard work involved, which by the way are not fatal. We have made special new friends and created a collection of memories which we have tried to bind in a book and which we will hold close to our hearts. We hope you enjoy these memories as you turn each page, because for us each page is an accomplishment we can be proud of.

Best Wishes in all your endeavors,

Laura

and

Tammy

Inspirations

**What waits for us outside these doors
is the opportunity to expand on our own
and to prove to those around us
just how much we all have grown.**

**The future is lurking before us
and approaching rather fast,
It's almost time to walk ahead
to apply our knowledge of the past.**

**Although going our separate ways
will sadden us in our hearts,
In our minds our futures shine
for the new life we will start.**

**It's time for us to stand up
for what we want to be,
And make the most of life itself
and every opportunity.**

**So with our hearts full of inspiration
we see what's next to come,
And we feel relief at knowing
that our lives have just begun.**

**And as we walk through the open doors of life
our hearts beat faster than we have ever heard,
The moment has come to prove ourselves
and show the world what has been learned.**
